

Rider for Jill x Cece

Sound System

- PA Set:
 - Minimum 2 top speakers
 - 1 sub speaker
 - 1 floor monitor for saxophonist (placed in front of the DJ booth)
 - 1 booth monitor for DJ (placed in DJ booth)
- Power Supply: 2 free power sockets (220V)

DJ Equipment

- 3x Pioneer CDJ2000 Nexus or CDJ3000
- 1x Pioneer DJM800, or a higher/newer model (850, 900, 1000)
- Microphone Input: XLR input on the DJ set or mixing desk (for the saxophone)

Alternative Options (upon agreement)

- 2x Pioneer CDJ2000 Nexus or CDJ3000
- Pioneer DJ XDJ-RX3
- Pioneer DJ XDJ-RX2
- Pioneer DJ XDJ-XZ

Conditions

- All equipment must be connected, linked, and tested prior to the performance.
- A professional sound technician must be present and available throughout the entire performance.
- DJ equipment should be placed on a sturdy table (height approximately 1.10m).

Hospitality

- Secure Space: A location near the stage/DJ booth where equipment and the artists' belongings can be safely stored, away from public contact.
- Dressing Room: A lockable space where the artists can change and, for performances longer than 2 hours, stay during short breaks.
- Parking Spaces: 2 parking spaces at the venue. Any parking costs are the responsibility of the client.
- Hot Meal: Between 17:00 and 20:30. During setup or before the performance, 2x healthy hot meals. 1x tomato and nut allergy.
- Drinks: Refreshments during the performance: water, soft drinks, and a few alcoholic beverages.
- Guest List: For a public event, 4 spots on the guest list.
